Part B. for August 1905

SUBJECT.

Pasteur Institute at Kasauli for the treatment of bites from rabid animals

---

FILE No. 132 of 1904-05.

Pasteur Institute at Kasauli, for the treatment of bites from rabid animals.

1 From the Senior Surgeon, No. G. 321, dated the 25th November 1904.
Forwards copy of Madras Government order of the 29th September 1904, anent the grant of certain concessions to poor persons for treatment at the Pasteur Institute at Kasauli and requests that that order be adopted bodily by Government.

2 To the First Assistant Resident in Mysore, No. 679, dated the 9th February 1905.
Enquires whether the Madras and the Southern Mahratta Railway authorities are willing to grant free third class return tickets to a limited number of poor persons proceeding from the State to the Pasteur Institute at Kasauli for treatment.

3 From the First Assistant to the Hon'ble the Resident in Mysore, No. 1911, dated the 30th March 1905.
Forwards a copy of letter from the Agent, Southern Mahratta Railway Company, to the address of Junior Consulting Engineer for Railways, Dharwar, and of its enclosure relative to the concessions the Southern Mahratta Railway Company will be prepared to grant to persons proceeding to the Pasteur Institute at Kasauli at the expense of the Mysore State.

4 From the First Assistant to the Hon'ble the Resident in Mysore, No. 2149, dated the 11th April 1905.
Forwards copy of communication No. 1221, dated the 24th March 1905, from the Consulting Engineer for Railways at Madras, relative to the concessions the Madras Railway Company will be prepared to grant to persons from Mysore proceeding to the Pasteur Institute at Kasauli.

5 To the First Assistant to the Hon'ble the Resident in Mysore, No. 862, dated the 12th April 1905.
Requests him to convey the thanks of the Durbar to the Southern Mahratta Railway Company for the concessions shown and calls for a copy of the form of the certificate referred to in para 2 of the Agent's letter of the 21st March 1905

6 To the First Assistant to the Hon'ble the Resident in Mysore, No. 890, dated the 21st April 1905.
Acknowledges receipt of Serial No. 4 and asks him to convey the thanks of the Durbar to the Madras Railway Company for the concessions they are prepared to grant to persons proceeding from Mysore to the Pasteur Institute at Kasauli for treatment.

7 To the Senior Surgeon, No. 10394, dated the 9th May 1905.
Requests him to furnish a list of Medical Officers who may be allowed to grant the required certificate and to report in detail the amount of provision that should be made in the budget on this account.

8 From the First Assistant to to the Hon'ble the Resident in Mysore, No. 2676, dated the 15th May 1905
Forwards copy of the form of certificate called for in Serial No. 5.

9 From the Senior Surgeon, No G. 771, dated the 19th May 1905.
States that all Gazetted Officers of the Mysore Medical Service may be allowed to grant certificates for treatment at the Pasteur Institute at Kasauli, and that a sum of Rs. 1,000 should be provided for in the budget. He further states that as the Madras Government pay the expenses of the injured person alone, the usefulness of the charity is thereby negatived to a lage extent and proposes to send a friend with the sufferer if he should desire it, Government bearing the full expenses of that friend, as the Railways allow a concession only for the injured party.

10 To the Senior Surgeon, for communication to the Medical Officers concerned, the Comptroller, the Deputy Commissioners of Districts, and the Heads of Departments, No. 11810-54, dated the 23rd June 1905.
Government sanction the Senior Surgeon's proposal to adopt bodily the Madras Government order of the 29th September 1904 on the subject of allowing concessions to poor persons proceeding to the Pasteur Institute at Kasauli for treatment and also to take a friend with the sufferer at the cost of Government.

11 To the First Assistant to the Hon'ble the Resident in Mysore, No. 111, dated the 10th August 1905.
Forwards copy of Serial No. 10 and requests him to have arrangements made for the through booking of the Mysore patients, and for the payment of the maintenance allowance, etc., to them at Kasauli.

Secretary to the Government of Mysore
Dated 25th Nov 04
Despatched
Received Gen & Rev Dept
General No. C 321
No.
Bangalore
Enclosure No. 1

Forwarding Copy of Madras G. O. No 809, Public dated 29th Sept 04, anent the grant of Concession to four persons for treatment at the Pasteur Institute at Kasauli.

Order -- No.800, Public, dated 29th September 1904.

With the sanction of the Government of India, His Ex--cellency the Governor in Council has resolved to make a yearly provision of Rs.1000 for the grant to a limited number of poor persons, not in the service of Government, of facilities to en--able them to proceed from places in the Madras Presidency to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals.

2. The South Indian Railway Company is prepared to grant free third class return passes over the whole of its system to poor people proceeding to Kasauli on the production of a certi--ficate from a Medical Officer of not lower rank than Assistant Surgeon that treatment at the institute is necessary. The Madras Railway Company will grant a third class return ticket from any station on their line to Raichur for a single fare on the cer--tificate of a Civil Surgeon that treatment at the institute is necessary and on production of a further certificate from a Go--vernment Officer as to the applicant's poverty. On return the patient will be required to present to the stationmaster a certificate from the Superintendent of the institute that he was under treatment for the prescribed time. The Great Indian Pe--ninsula Railway and the ~~East~~ East Indian Railway Companies are not prepared to make any concession.. As expedition is a matter of importance the journey to Kalka must be made by mail train. The cost of a patient's journey from Madras to Kalka and back will be .

	Rs.	A.	P.
From Madras to Raichur and back (Madras Railway single fare)	4	- 9	-0
From Raichur to Tundala and back (Great Indian Peninsula Railway double fare by mail train)	33	- 4	-0
From Tundala to Kalka and back (East Indian Railway double fare)	8	- 8	-0
Total	46	- 5	-0

From stations on the East Coast Railway north of -- Bezwada, the shortest and cheapest route to Kalka will be by railway via., Calcutta, and from Bezwada by the Nizam's Guaran--teed State Railway via., Secunderabad and Manmad. The majorit

of poor patients are able to perform the journey from Kalka to Kasauli on foot, while those who are unable to walk will require the use of a "dandy" at a cost of Rs.4, or of a pony at a cost of Rs.1-12-0, according as they are able to ride or not. poor native patients attending the Kasauli Institute for treatment are given free quarters, warm clothing, blankets and cooking -- utensils and have to meet the cost of their food, while poor -- European and Eurasian patients are accommodated in a house in which they are supplied with everything they require for Rs. -- 2-8-0 a day. The period of treatment is from 18 to 21 days or more. In addition to the cost of the journey native patients proceeding to Kasauli at the Government expense will be granted a maintenance allowance of 4 annas a day while travelling, and 6 annas a day during the period of their treatment at Kasauli. European or Eurasian patients will be granted maintenance allow--ance at one rupee and Rs.2-8-0 a day during the same periods .

3. The grant of travelling expenses by Government will be made on the following conditions :-

(1) The District Medical and Sanitary Officer or -- Civil Surgeon, or a District Surgeon at the Presidency must certify that treatment at Kasauli is necessary & that the patient is unable to meet the expenses of the journey.

(2) A third class pass or ticket by mail train from the patient's station to Kalka and back on the terms allowed by the Railway Companies will be procured for the patient by the Medical Officer who despatches him to Kasauli.

(3) The actual expenses of the journey from Kalka to Kasauli when necessary and the maintenance allowance for the period of the journey to Kasauli will be paid to the patient by the Medical Officer at the railway station when the passage ticket is taken.

(4) The maintenance allowance of the patient while under treatment at Kasauli and for the period of the return journey, and, if necessary, expenses for the journey from Kasauli to Kalka, will be disbursed

the Treasury Officer at Kasauli. The patient should take with him to Kasauli and produce before the Treasury Officer a certificate by the District Medical and Sanitary Officer or Civil Surgeon or Presidency District Surgeon, as the case may be, that he has been sent to the institute for treatment at the expense of the Government of Madras.

4. As all the arrangements for a patient's journey will be made by a Government Medical Officer, the Madras and South Indian Railway Companies will be requested in the Public Works Department (Railway Branch) to grant railway return tickets or passes on the requisition of a District Medical and Sanitary Officer or Civil Surgeon or a Presidency District Surgeon, without further formalities as to the production of certificates by the patient before and after the journey.

5. All District Medical and Sanitary Officers, Presidency District Surgeons and Civil Surgeons will be authorised to despatch poor patients to Kasauli on their own responsibility subject to the above conditions. In order to maintain a check on the expenditure and to prevent the annual allotment being exceed-ed without notice, medical officers will immediately on the despatch of a patient to Kasauli report the circumstance direct to Government, mentioning the patient's nationality and the amount of the expenses involved in travelling and maintenance allowances. When an expenditure of Rs.900 has been reached in any official year, the fact will be intimated to medical officers by a circular, and thereafter no more patients will be despatched to Kasauli at the expense of the State except on the special sanction of Government which may be applied for by telegraph.

6. The concessions now authorised will terminate on the establishment of a Pasteur Institute in the Madras Presidency.

7. The expenditure will be debitable to the head 24 D. Medical - Grants for Medical Purposes.

8. The following letter will be despatched to the Government of the Punjab.

Here

(Here enter letter No. 810, Public, dated 29th September 1904.)

Letter from the Agent and Manager,Madras Railway to the Consulting Engineer for Railways, Madras,No. O.15456/405,dated the 21st March 1905:-

With reference to your Memorandum No. 1060 of the 14th instant regarding concessions to poor persons proceeding to the Pasteur Institute at Kasauli, I have the honour to inform you that the concession of 3rd class return tickets to Raichur at single fares granted to patients from the Madras Presidency will be extended to the patients proceeding from the Mysore State. I shall be obliged if you will kindly obtain from the Durbar a list of the Surgeons to whom the book of vouchers referred to in G.O.No.2251 Ry of 24th December 1904, should be supplied.

Copy forwarded to the First Assistant to the Hon'ble the Resident in Mysore for information with reference to his letter No. 1270, dated the 2nd March 1905. A copy of G.O.No.2251 Railway of 24th December 1904 is enclosed.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

RAILWAYS.

Read—the following papers :—

G.O., No. 1075, Public, dated 26th November 1903.

Abstract.—Directing the despatch of a letter to the Government of India regarding the question of granting to poor people unconnected with the public Government service who may be bitten by rabid animals facilities to proceed to the Pasteur Institute at Kasauli for treatment.

From—Mr. H. G. S. Savory, Offg. Consulting Engineer for Railways, Madras.
To—(1) The Agent and Manager, Madras Railway.
(2) „ Agent, South Indian Railway.
(3) „ Consulting Engineer for Railways, Calcutta.
(4) „ Consulting Engineer for Railways, Bombay.
Dated—8th April 1904, No. 1611.

With reference to correspondence ending with your No. (1) M. 15456 1430, dated 25th July 1903 / (2) 667, dated 27th June 1903 / (3) 4018, dated 21st August 1903 / (4) 3941, dated 25th August 1903

I have the honour to forward herewith a copy of a memorandum embodying the views of the Madras Government on the question of affording facilities to poor persons proceeding to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals. The favour of an expression of (1) & (2) your opinion / (3) & (4) the opinions of the Ry. Administrations under your control is requested on the question of through booking and other proposals contained in the memorandum.

Enclosure.

Memorandum.

The several Railway administrations on the route from Southern India to Kalka were consulted as to the facilities they would offer to poor people proceeding to the Pasteur Institute for treatment from places in the Madras Presidency. The South Indian Railway Company is prepared to grant free third-class return passes over the whole of their system on the production of a certificate from a medical officer of a grade not lower than an Assistant Surgeon. The Madras Railway Company has agreed to grant over its system a pass for the double journey for a

single fare, on the certificate of a Civil Surgeon that treatment at the Pasteur Institute is necessary with a further certificate from a Government officer as to the applicant's poverty. The patient is further required on his return from Kasauli to present to the stationmaster a certificate from the Superintendent of the Institute that he underwent treatment there for the prescribed period. The Great Indian Peninsula and East India Railways have shown no concession and require the usual fares to be paid.

2. The Madras Government have now resolved to make a small provision annually from Provincial funds for the grant to a limited number of poor persons, not in Government service, of facilities to proceed to the institute at Kasauli for treatment when bitten by rabid animals. The grant of travelling expenses will be made by Government on the certificate of a District Medical Officer, or Civil Surgeon, or a District Surgeon at the Presidency town that treatment at Kasauli is necessary and that the patient is unable to meet the expenses of the journey. The Medical Officer who certifies as above will also arrange for the patient's journey to Kasauli. The Madras Government desire to know if the Madras and South Indian Railway administrations will grant passes for the patient's journey to Kalka on the requisition of a District or Civil Surgeon, without insisting on the production of any further certificate either before or after the journey.

3. As it is important that a patient should lose no time in reaching the institute and that he should therefore be booked through to Kalka by mail train it is considered desirable that the Madras Railway should grant, for so much of the journey to Kalka as may be performed on its system a third-class pass by the mail train for half the mail train fare. On the return journey the patient will travel by the ordinary train wherever it is cheaper than the mail. The opinion of the Madras Railway is desired on the point.

4. The Government wish to ascertain from the several Railway administrations concerned whether there will be any difficulty in arranging for the through booking of passengers to and from Kalka at rates calculated as referred to in paragraph 1 above, viz., free of cost on the South Indian Railway, half fare on the Madras Railway and full fare on the Great Indian Peninsula and East Indian Railways. Fares for the return journey will be paid by the Treasury officer at Kasauli.

From—Mr. F. B. Hebbert, Consulting Engineer for Railways, Calcutta.
To—The Consulting Engineer for Railways, Madras.
Dated—27th April 1904, No. 1905.

The following is forwarded to the Consulting Engineer for Railways, Madras, for information, with reference to his letter No. 1611, dated the 8th April 1904.

Enclosure.

From—The Agent, East Indian Railway Company.
To—The Consulting Engineer to the Government of India for Railways, Calcutta.
Dated—23rd April 1904, No. 526-P.

With reference to your office endorsement No. 1676 of 14th April 1904, covering copy of letter No. 1611, dated the 8th idem, from the Consulting Engineer for Railways, Madras, requesting an expression of opinion on the proposals, contained in the memorandum forwarded therewith, as to affording facilities to poor persons proceeding to the Pasteur Institute at Kasauli when bitten by rabid animals, I have the honour to invite attention to this office letter No. 1023 P. of 18th August 1903, to your address, in which I stated that it had been arranged for the issue by this Railway of free return passes to the employés of any Railway in India when proceeding to or from Kasauli for the purpose stated, but added that I saw no reason why relief to persons other than Railway servants should be afforded at the expense of this company.

2. With regard to the further question now raised as to the through booking to Kalka by mail train of passengers proceeding to the Institute at Kasauli, I beg to invite attention to clause 33 (i) on page 8 of the current Coaching Tariff, from which it will be seen that there is no restriction to the booking of third-class passengers by the Punjab mail trains when travelling distances of 200 miles and over, and that the existing arrangements will, apparently, meet all requirements in this respect.

3. It should however be pointed out that passengers from the Madras Presidency can only be booked *through* to Kalka from stations on the Madras Railway at which their mail trains halt, and this only in respect of the route *viâ* Raichur and Agra. Passengers taking the East Coast and Bengal-Nagpur route would need to re-book at Howrah.

16

From—Mr. G. A. Anderson, Consulting Engineer for Railways, Bombay.
To—The Consulting Engineer for Railways, Madras.
Dated—16th May 1904, No. 2177.

In reply to your letter No. 1611, dated 8th April 1904, regarding through booking of poor persons proceeding to Pasteur Institute at Kasauli for treatment when bitten by rabid animals, I have the honour to forward copy of a letter from the Acting Secretary to the Agent, Great Indian Peninsula Railway Company, No. 12 P./8550, dated 12th May 1904, on the subject.

Enclosure.

From—The Agent, Great Indian Peninsula Railway.
To—The Consulting Engineer for Railways, Bombay.
Dated—12th May 1904, No. 12-P./8550.

Facilities to poor persons proceeding to the "Pasteur" Institute at Kasauli anti-rabic treatment.

In reply to your letter No. 1627, dated the 14th April 1904, forwarding for report copy of letter to your address from the Consulting Engineer for Railways, Madras, No. 1611, of the 8th April 1904, together with a copy of the memorandum accompanying it, embodying the views of the Madras Government on the question of affording facilities to poor persons proceeding to the "Pasteur" Institute at Kasauli for anti-rabic treatment, I am desired to inform you that there will be no difficulty in booking passengers through to Kalka and back, as far as this railway is concerned. For the journey between Tundla and Kalka the Madras Government will of course have to arrange with the East Indian Railway.

2. The station from which the person starts will issue a through ticket on the authority of the medical officer concerned and collect the cost of the ticket in the usual way according to the concessions allowed by each railway to be travelled over, and submit the medical officer's certificate to the Audit Department of the railway collecting the charges who will credit the other railways concerned with their proportions in the usual way.

From—Major H. Bonham-Carter, R.E., Agent and Manager, Madras Railway.
To—The Consulting Engineer for Railways, Madras.
Dated—16th May 1904, No. S./15456/824.

Your letter No. 1611 *of* 8*th April* 1904.

I am arranging to provide a warrant in the enclosed form on which on the requisition of a District Surgeon return third-class tickets would be available from our stations to Kalka. As however the whole of our stations are not provided with third-class return tickets but only those shown in the list attached, I should be glad to know whether these will suffice or whether other stations are required and, if so, what stations.

I propose to have separate books printed for the different routes, and also route tables for the different stations in each district. The District Surgeons can then see which route is the quickest for the particular station and use a requisition from the corresponding book. If the Bank of Madras be authorised to accept these requisitions when paid in by the railway as cash, the only funds District Surgeons would have to advance would be some money for food on the journey.

Perhaps the South Indian and Southern Mahratta Railways may see their way to adopt a similar arrangement for stations on their lines.

Extract from Coaching Guide, page 84*a, paragraph* 24.

* * * * *

(*b*) Third class through return tickets are issued subject to the same condition as first and second class through return tickets between any two authorised stations of the Madras, Southern Mahratta, Great Indian Peninsula, Morvi, East Indian, Eastern Bengal State, Amritsar-Pathankot, Bengal-Nagpur, Bhavanagar-Gondal-Junagad-Porbanda and North-Western Railways, at two single third-class mail train fares over the Madras and at two single third-class fares over the other railways to servants of first and second class return ticket holders provided they travel to the same stations as their employers but in third-class carriages.

(c) Stations on the Madras Railway at which through first and second class return tickets are issued to principal stations on foreign Railways—Madras (Beach), Washermanpet, Rayapuram, Madras (Central Station) Arkonam, Walajah Road, Katpadi, Jalarpet, Malur, Oorgaum, Bowringpet, Bangalore Cantonment, Bangalore City, Salem, Erode, Podanur, Coimbatore, Mettupalaiyam, Olavakkot, Palghat, Calicut, Renigunta, Cuddapah, Gooty, Guntakal, Adoni, Raichur, Tiruvottiyur, Ennur, Ponneri, Sullurupetta, Nayudupetta, Gudur Junction, Venkatachellam, Nellore, Bitragunta, Singarayakonda, Ongole, Chinna Ganjam, Bapatla, Tenali, Bezwada, Ellore, Nidadavolu, Godavari, Rajahmundry, Samalkot, Cocanada Town, Cocanada Port, Tuni, Anakapalle, Waltair and Vizagapatam.

G O., No. 1737 Ry., dated 12th October 1904.

Abstract.—Communicating to the Agents, Madras and South Indian Railways, proceedings of the Public Department regarding the grant of certain concessions to poor persons proceeding to the Pasteur Institute at Kasauli for treatment.

From—Major H. Bonham-Carter, R.E., Agent and Manager, Madras Railway.
To—The Consulting Engineer for Railways, Madras.
Dated—21st October 1904, No. O./15456/1711.

I have the honour to request that you will be good enough to favour me with an early reply to this office letter No. S./15456/824, dated the 16th May last, to enable me to make the necessary arrangements for the issue of reduced rate tickets to poor persons proceeding to Kasauli referred to in paragraph 3 of G.O., No. 1737 Ry., dated 12th instant.

From—Mr. F. F. Smith, Acting Agent, South Indian Railway.
To—The Consulting Engineer for Railways, Madras.
Dated—28th October 1904, No. 1165.

In reply to your telegram of to-day regarding facilities to poor persons proceeding to the Pasteur institute at Kasauli for treatment when bitten by rabid animals, I have the honour to inform you that there will be no difficulty in arranging for the

18

issue of through single tickets in these cases; passengers should get similar through tickets on the return journey. On the outward journey they should produce a certificate at the starting station from the District or Civil Surgeon, and on the return journey a certificate from a competent authority of the Pasteur Institute at Kasauli.

2. It is not stated on what terms the passengers are to be carried over the Kalka-Simla Railway. I presume however you will address me on the subject again before the arrangement is put in force so that instructions may be given.

ORDER——No. 2251 Ry., dated 24th December 1904.

In their order No. 809, Public, dated the 29th September 1904, the Government have laid down the conditions under which poor persons not in the service of Government will be afforded facilities to enable them to proceed from places in the Madras Presidency to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals.

2. The several Railway Administrations on the route from Southern India to Kalka were consulted as to the concessions they would grant to such persons for travelling on their lines, and also as to whether there would be any difficulty in arranging through bookings of patients to Kalka. The concessions which the Railway Administrations are prepared to grant are detailed in the abovementioned order.

3. As regards through booking, the Great Indian Peninsula and the East Indian Railway Administrations have no objection to the proposal so far as it concerns them. The Agent, Madras Railway, is prepared to issue return third-class tickets but points out that only certain stations on his line are provided with such tickets and asks if it will be necessary to similarly furnish other stations with a supply. The list of stations from which such tickets will be issued seems to be sufficiently full and there appears to be no necessity to add to it. The Agent further submits for approval a form to be filled in and signed by the District Surgeon when applying to the Stationmaster for a ticket, and suggests that the Bank of Madras may be authorized to accept these requisitions when paid in by the Railway as cash. The Accountant-General will be asked to arrange accordingly. The form submitted by the Agent is approved. Separate forms of requisition and route tables for different stations proposed by the Agent, Madras Railway, do not appear to be necessary at present.

4. The Agent, South Indian Railway, has no objection to the issue of through single tickets from stations on his system to Kalka, patients being required to obtain separate tickets at Kalka for the return journey. The Agent further enquires the terms on which passengers are to be carried over the Kalka-Simla Railway. As Kalka is the nearest railway station to Kasauli, there is no necessity for patients to travel on the Kalka-Simla Railway.

5. The Government accept with pleasure the concessions offered by the Railway Administrations whose attention is invited to paragraph 4 of G.O., No. 809, Public, dated 29th September 1904. They are requested to grant return third-class tickets or single through tickets on the requisition of a District Medical and Sanitary Officer or Civil Surgeon or a Presidency District Surgeon, without further formalities as to the production of certificates by the patient either before or after the journey.

6. Patients proceeding to Kasauli from stations on the Madras Railway which are provided with third-class return tickets will be furnished with return tickets on the requisition of the District Medical and Sanitary Officer or Civil Surgeon. In the case of patients proceeding from other stations on the Madras Railway or from stations on the South Indian and Southern Mahratta Railways, single through tickets only will be provided and tickets for the return journey will be arranged for by the authorities

at Kasauli on intimation received from the Surgeon despatching the patient. Similar arrangements will be made for the rebooking of passengers at Howra in the case of patients proceeding by the East Coast Railway.

To

P.V. Venkat varadacharyar Esqr.,

Secretary to the Government of H.H. the

Maharaja of Mysore, General and Revenue

Departments, Bangalore.

Sir,

With reference to your No.10304-132-6/Pol. dated 9th May 1905, I have the honor to forward herewith a statement showing the names of Gazetted officers who may be allowed to grant certificates for treatment at the Pasteur Institute at Kasauli and to state that Rs.1000 ought to be budgetted for. It seems that in Madras the expenses of the injured person only are paid. This must negative to a large extent the usefulness of the charity. Any one with any knowledge of our poor folks' methods must know that rather than take such a journey alone a bitten person would prefer to die at home. Provision should therefore be made to send a friend along with the sufferer if he should desire it. The full expense of the friend would have to be defrayed by Government as the Railways will allow a concession only for the injured party.

* all Gazetted officers of the Mysore Medical Service,

The enclosures are herewith returned as requested.

(1) *Letter No. G. 321, dated the 25th November 1904, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

I have the honor to forward the accompanying copy of Madras Government Order No. 809, Public, dated 29th September 1904, anent the grant of concession to poor persons for treatment at the Pasteur Institute at Kasauli, and to request that the necessary alterations being made, that Government Order be adopted bodily by the Government of His Highness the Maharaja of Mysore.

(ENCLOSURE.)

Madras Government Order No. 809, Public, dated 29th September 1904.

With the sanction of the Government of India, His Excellency the Governor in Council has resolved to make a yearly provision of Rs. 1,000 for the grant to a limited number of poor persons, not in the service of Government, of facilities to enable them to proceed from places in the Madras Presidency to the Pasteur Institute at Kasauli, for treatment when bitten by rabid animals.

2. The South Indian Railway Company is prepared to grant free third class return passes over the whole of its system to poor people proceeding to Kasauli on the production of a certificate from a Medical Officer of not lower rank than Assistant Surgeon, that treatment at the Institute is necessary. The Madras Railway Company will grant a third class return ticket from any station on their line to Raichur for a single fare on the certificate of a Civil Surgeon that treatment at the Institute is necessary and on production of a further certificate from a Government Officer as to the applicant's poverty. On return the patient will be required to present to the Stationmaster a certificate from the Superintendent of the Institute that he was under treatment for the prescribed time. The Great Indian Peninsula Railway and the East Indian Railway Companies are not prepared to make any concession. As expedition is a matter of importance, the journey to Kalka must be made by mail train. The cost of a patient's journey from Madras to Kalka and back will be —

	Rs.	a.	p.
From Madras to Raichur and back (Madras Railway single fare)	4	9	0
From Raichur to Tundala and back (Great Indian Peninsula Railway double fare by mail train)	33	4	0
From Tundala to Kalka and back (East Indian Railway double fare)	8	8	0
Total ...	46	5	0

From stations on the East Coast Railway north of Bezwada, the shortest and cheapest route to Kalka will be by railway *via* Calcutta, and from Bezwada by the Nizam's Guaranteed State Railway *via* Secunderabad and Manmad. The majority of poor patients are able to perform the journey from Kalka to Kasauli on foot, while those who are unable to walk will require the use of a " dandy " at a cost of Rs. 4, or of a pony at a cost of Rs. 1-12-0, according as they are able to ride or not. Poor native patients attending the Kasauli Institute for treatment are given free quarters, warm clothing, blankets and cooking utensils and have to meet the cost of their food, while poor European and Eurasian patients are accommodated in a house in which they are supplied with everything they require for Rs. 2-8-0 a day. The period of treatment is from 18 to 21 days or more. In addition to the cost of the journey, native patients proceeding to Kasauli at the Government expense will be granted a maintenance allowance of four annas a day while travelling, and six annas a day during the period of their treatment at Kasauli. European or Eurasian patients will be granted maintenance allowance at one rupee and Rs. 2-8-0 a day during the same periods.

3. The grant of travelling expenses by Government will be made on the following conditions :—

(1) The District Medical and Sanitary Officer or Civil Surgeon, or a District Surgeon at the Presidency must certify that treatment at Kasauli is necessary, and that the patient is unable to meet the expenses of the journey.

(2) A third class pass or ticket by mail train from the patient's station to Kalka and back on the terms allowed by the Railway Companies will be procured for the patient by the Medical Officer who despatches him to Kasauli.

(2) A third class pass or ticket by mail train from the patient's station to Kalka and back on the terms allowed by the Railway Companies will be procured for the patient by the Medical Officer who despatches him to Kasauli.

(3) The actual expenses of the journey from Kalka to Kasauli, when necessary, and the maintenance allowance for the period of the journey to Kasauli will be paid to the patient by the Medical Officer at the railway station when the passage ticket is taken.

(4) The maintenance allowance of the patient while under treatment at Kasauli and for the period of the return journey, and, if necessary, expenses for the journey from Kasauli to Kalka, will be disbursed by the Treasury Officer at Kasauli. The patient should take with him to Kasauli and produce before the Treasury Officer a certificate by the District Medical and Sanitary Officer or Civil Surgeon or Presidency District Surgeon, as the case may be, that he has been sent to the Institute for treatment at the expense of the Government of Madras.

4. As all the arrangements for a patient's journey will be made by a Government Medical Officer, the Madras and South Indian Railway Companies will be requested in the Public Works Department (Railway Branch) to grant railway return tickets or passes on the requisition of a District Medical and Sanitary Officer or Civil Surgeon or a Presidency District Surgeon, without further formalities as to the production of certificates by the patient before and after the journey.

5. All District Medical and Sanitary Officers, Presidency District Surgeons and Civil Surgeons will be authorised to despatch poor patients to Kasauli on their own responsibility subject to the above conditions. In order to maintain a check on the expenditure, and to prevent the annual allotment being exceeded without notice, Medical Officers will immediately on the despatch of a patient to Kasauli report the circumstance direct to Government, mentioning the patient's nationality, and the amount of the expenses involved in travelling and maintenance allowances. When an expenditure of Rs. 900 has been reached in any official year, the fact will be intimated to Medical Officers by a circular, and thereafter no more patients will be despatched to Kasauli at the expense of the State except on the special sanction of Government, which may be applied for by telegraph.

6. The concessions now authorised will terminate on the establishment of a Pasteur Institute in the Madras Presidency.

7. The expenditure will be debitable to the head 24 D. Medical—Grants for Medical purposes.

8. The following letter will be despatched to the Government of the Punjab :—

(Here enter letter No. 810, Public, dated 29th September 1904.)

---

(2) *Letter No. 1911, dated the 30th March 1905, from the First Assistant to the Hon'ble the Resident in Mysore, with its enclosures.*

With reference to Mr. Venkatavaradiengar's letter No. Pol. 679, dated the 9th February 1905, I am directed to forward, for the information of the Government of His Highness the Maharaja of Mysore, a copy of letter No. D. 341, dated the 22nd March 1905, from the Junior Consulting Engineer for Railways, Dharwar, and of its enclosure, relative to the concessions the Southern Mahratta Railway Company will be prepared to grant to persons proceeding to the Pasteur Institute at Kasauli at the expense of the Mysore State.

2. A further communication will be made to the Durbar on hearing from the Madras Railway Company, which has also been addressed on the subject.

(Enclosures)

Letter No. D. 341, dated the 22nd March 1905, from the Junior Consulting Engineer for Railways, Dharwar, to the Hon'ble the Resident in Mysore, Bangalore.

With reference to your No. 1269, dated the 2nd March 1905, I have the honor to forward, for the information of the Mysore Durbar, copy of letter No. 8474—2272, dated the 21st March 1905, from the Agent, Southern Mahratta Railway Company, relative to the concessions the Company will be prepared to grant to persons proceeding to the Pasteur Institute at Kasauli at the expense of the Mysore State.

(Enclosure to the above).

Copy of letter No. 8474—2272, dated the 21st March 1905, from the Agent, Southern Mahratta Railway Company, to the Junior Consulting Engineer for Railways, Dharwar.

With reference to letter No. 1269 of the 2nd March 1905, from the First Assistant to the Hon'ble the Resident in Mysore, and of its enclosure, copies of which were sent with your

memo No. D. 289 of the 11th idem, I have the honor to inform you that return 3rd class tickets will be issued by mail train, between any station on the Mysore State Railway and Poona, at a single fare for the double journey, to persons proceeding to the Pasteur Institute at Kasauli, on the production at the railway station of a form of certificate from the Civil Surgeon (or other Medical Officer as defined by the Mysore Durbar) to the effect that the holder is proceeding to the Institute at Kasauli at the expense of the Mysore State.

2. A form of necessary certificate will be sent if the proposal is accepted by the Durbar.

The return tickets would be available for four months, but can only be granted over this railway, as the Great Indian Peninsula and the East Indian Railways give no concession in such cases, and the passengers should, therefore, re-book themselves at Poona Junction.

---

(3) *Letter No. 2149, dated the 11th April 1905, from the First Assistant to the Hon'ble the Resident in Mysore, with its enclosures, to the Dewan of Mysore.*

In continuation of this office letter No. 1911, dated 30th March 1905, I am directed to forward, for the information of the Government of His Highness the Maharaja of Mysore, copy of a communication No. 1221, dated the 24th March 1905, from the Consulting Engineer for Railways at Madras, together with a copy of the Proceedings of the Government of Madras, No. 2251, Railway, dated the 24th December 1904, relative to the concessions the Madras Railway Company will be prepared to grant to persons from Mysore proceeding to the Pasteur Institute at Kasauli.

(ENCLOSURES.)

No. 1221, dated 24th March 1905, from the Consulting Engineer for Railways at Madras.

Letter from the Agent and Manager, Madras Railway, to the Consulting Engineer for Railways, Madras, No. O. 15456—405, dated the 21st March 1905 :—

"With reference to your Memorandum No. 1060 of the 14th instant regarding concessions to poor persons proceeding to the Pasteur Institute at Kasauli, I have the honor to inform you that the concession of 3rd class return tickets to Raichur at single fares granted to patients from the Madras Presidency will be extended to the patients proceeding from the Mysore State. I shall be obliged if you will kindly obtain from the Durbar a list of the Surgeons to whom the book of vouchers referred to in Government Order No. 2251, Railway, of 24th December 1904, should be supplied."

Copy forwarded to the First Assistant to the Hon'ble the Resident in Mysore for information with reference to his letter No. 1270, dated the 2nd March 1905. A copy of Government Order No. 2251, Railway, of 24th December 1904, is enclosed.

(ENCLOSURE TO THE ABOVE.)

Madras Government Order No. 2251, Railway, dated 24th December 1904.

READ—the following papers :—

G. O., No. 1075, Public, dated 26th November 1903.

ABSTRACT.—Directing the despatch of a letter to the Government of India regarding the question of granting to poor people unconnected with the Public Government service who may be bitten by rabid animals facilities to proceed to the Pasteur Institute at Kasauli for treatment.

From—Mr. H. G. S. Savory, Offg. Consulting Engineer for Railways, Madras.
To—(1) The Agent and Manager, Madras Railway.
(2) „ Agent, South Indian Railway.
(3) „ Consulting Engineer for Railways, Calcutta.
(4) „ Consulting Engineer for Railways, Bombay.
Dated—8th April 1904, No. 1611.

With reference to correspondence ending with your No. (1) M. 15456/1430, dated 25th July 1903. (2) 662, dated 27th June 1903. (3) 4018, dated 21st August 1903. (4) 3941, dated 25th August 1903.

I have the honor to forward herewith a copy of a memorandum embodying the views of the Madras Government on the question of affording facilities to poor persons proceeding to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals. The favor of an expression of (1) & (2) your opinion / (3) & (4) the opinions of the Ry. Administrations under your control is requested on the question of through booking and other proposals contained in the Memorandum.

ENCLOSURE.

Memorandum.

The several Railway administrations on the route from Southern India to Kalka were consulted as to the facilities they would offer to poor people proceeding to the Pasteur Institute for treatment from places in the Madras Presidency. The South Indian Railway Company is prepared to grant free third-class return passes over the whole of their system on the production of a certificate from a Medical Officer of a grade not lower than an Assistant Surgeon. The Madras Railway Company has agreed to grant over its system a pass for the double journey for a single fare, on the certificate of a Civil Surgeon that treatment at the Pasteur Institute is necessary, with a further certificate from a Government Officer as to the applicant's poverty. The patient is further required on his return from Kasauli to present to the Stationmaster a certificate from the Superintendent of the Institute that he underwent treatment there for the prescribed period. The Great Indian Peninsula and East Indian Railways have shown no concession and require the usual fares to be paid.

2. The Madras Government have now resolved to make a small provision annually from Provincial funds for the grant to a limited number of poor persons, not in Government service, of facilities to proceed to the Institute at Kasauli for treatment when bitten by rabid animals. The grant of travelling expenses will be made by Government on the certificate of a District Medical Officer, or Civil Surgeon, or a District Surgeon at the Presidency town, that treatment at Kasauli is necessary, and that the patient is unable to meet the expenses of the journey. The Medical Officer who certifies as above will also arrange for the patient's journey to Kasauli. The Madras Government desire to know if the Madras and South Indian Railway administrations will grant passes for the patient's journey to Kalka on the requisition of a District or Civil Surgeon, without insisting on the production of any further certificate either before or after the journey.

3. As it is important that a patient should lose no time in reaching the Institute and that he should therefore be booked through Kalka by mail train, it is considered desirable that the Madras Railway should grant, for so much of the journey to Kalka as may be performed on its system, a third-class pass by the mail train for half the mail train fare. On the return journey the patient will travel by the ordinary train wherever it is cheaper than the mail. The opinion of the Madras Railway is desired on the point.

4. The Government wish to ascertain from the several Railway administrations concerned whether there will be any difficulty in arranging for the through booking of passengers to and from Kalka at rates calculated as referred to in paragraph 1 above, *viz.*, free of cost on the South Indian Railway, half fare on the Madras Railway, and full fare on the Great Indian Peninsula and East Indian Railways. Fares for the return journey will be paid by the Treasury Officer at Kasauli.

From—Mr. F. B. Herbert, Consulting Engineer for Railways, Calcutta.
To—The Consulting Engineer for Railways, Madras.
Dated—27th April 1904, No. 1905.

The following is forwarded to the Consulting Engineer for Railways, Madras, for information, with reference to his letter No. 1611, dated the 8th April 1904.

ENCLOSURE.

From—The Agent, East Indian Railway Company.
To—The Consulting Engineer to the Government of India for Railways, Calcutta.
Dated—23rd April 1904, No. 526-P.

With reference to your office endorsement No. 1676 of 14th April 1904, covering copy of letter No. 1611, dated the 8th idem, from the Consulting Engineer for Railways, Madras, requesting an expression of opinion on the proposals, contained in the memorandum forwarded therewith, as to affording facilities to poor persons proceeding to the Pasteur Institute at Kasauli when bitten by rabid animals, I have the honour to invite attention to this office letter No. 1023 P. of 18th August 1903, to your address, in which I stated that it had been arranged for the issue by this Railway of free return passes to the employees of any Railway in India when proceeding to or from Kasauli for the purpose stated, but added that I saw no reason why relief to persons other than Railway servants should be afforded at the expense of this Company.

2. With regard to the further question now raised as to the through booking to Kalka by mail train of passengers proceeding to the Institute at Kasauli, I beg to invite attention to clause 33 (i) on page 8 of the current Coaching Tariff, from which it will be seen that there is no restriction to the booking of third-class passengers by the Punjab mail trains when travelling distances of 200 miles and over, and that the existing arrangements will, apparently, meet all requirements in this respect.

3. It should, however, be pointed out that passengers from the Madras Presidency can only be booked *through* to Kalka from stations on the Madras Railway at which their mail trains halt, and this only in respect of the route *via* Raichur and Agra. Passengers taking the East Coast and Bengal-Nagpur route would need to re-book at Howrah.

Local Fund and Sanitary (Medical), dated 23rd June 1905.

From—Mr. G. A. Anderson, Consulting Engineer for Railways, Bombay.

To—The Consulting Engineer for Railways, Madras.

Dated—16th May 1904, No. 2177.

In reply to your letter No. 1611, dated 8th April 1904, regarding through booking of poor persons proceeding to Pasteur Institute at Kasauli for treatment when bitten by rabid animals, I have the honour to forward copy of a letter from the Acting Secretary to the Agent, Great Indian Peninsula Railway Company, No. 12 P.—8550, dated 12th May 1904, on the subject.

(ENCLOSURE.)

From—The Agent, Great Indian Peninsula Railway.

To—The Consulting Engineer for Railways, Bombay.

Dated—12th May 1904, No. 12 P.—8550.

Facilities to poor persons proceeding to the "Pasteur" Institute at Kasauli for anti-rabic treatment.

In reply to your letter No. 1627, dated the 14th April 1904, forwarding for report copy of letter to your address from the Consulting Engineer for Railways, Madras, No. 1611, of the 8th April 1904, together with a copy of the memorandum accompanying it, embodying the views of the Madras Government on the question of affording facilities to poor persons proceeding to the "Pasteur" Institute at Kasauli for anti-rabic treatment, I am desired to inform you that there will be no difficulty in booking passengers through to Kalka and back, as far as this railway is concerned. For the journey between Tundla and Kalka the Madras Government will of course have to arrange with the East Indian Railway.

2. The station from which the person starts will issue a through ticket on the authority of the Medical Officer concerned, and collect the cost of the ticket in the usual way according to the concessions allowed by each railway to be travelled over, and submit the Medical Officer's certificate to the Audit Department of the railway collecting the charges who will credit the other railways concerned with their proportions in the usual way.

From—Major H. BONHAM-CARTER, R.E., Agent and Manager, Madras Railway.

To—The Consulting Engineer for Railways, Madras.

Dated—16th May 1904, No. S. 15456—824.

Your letter No. 1611 of 8th April 1904.

I am arranging to provide a warrant in the enclosed form on which on the requisition of a District Surgeon, return third-class tickets would be available from our stations to Kalka. As however the whole of our stations are not provided with third-class return tickets but only those shown in the list attached, I should be glad to know whether these will suffice or whether other stations are required, and if so, what stations.

I propose to have separate books printed for the different routes, and also route tables for the different stations in each district. The District Surgeons can then see which route is the quickest for the particular station, and use a requisition from the corresponding book. If the Bank of Madras be authorised to accept these requisitions when paid in by the railway as cash, the only funds District Surgeons would have to advance would be some money for food on the journey.

Perhaps the South Indian and Southern Mahratta Railways may see their way to adopt a similar arrangement for stations on their lines.

Extract from Coaching Guide, page 84a, paragraph 24.

* * * * * *

(*b*) Third class through return tickets are issued subject to the same condition as first and second class through return tickets between any two authorised stations of the Madras, Southern Mahratta, Great Indian Peninsula, Morvi, East Indian, Eastern Bengal State, Amritsar-Pathankot, Bengal-Nagpur, Bhavanagar-Gondal-Junagad-Porbanda and North-Western Railways, at two single third-class mail train fares over the Madras and at two single third-class fares over the other railways to servants of first and second class return ticket holders provided they travel to the same stations as their employers but in third-class carriages.

(c) Stations on the Madras Railway at which through first and second class return tickets are issued to principal stations on foreign Railways—Madras (Beach), Washermanpet, Rayapuram, Madras (Central Station), Arkonam, Walajah Road, Katpadi, Jalarpet, Malur, Oorgaum, Bowringpet, Bangalore Cantonment, Bangalore City, Salem, Erode, Podanur, Coimbatore, Mettupalaiyam, Olavakkot, Palghat, Calicut, Renigunta, Cuddapah, Gooty, Guntakal, Adoni Raichur, Tiruvottiyar, Ennur, Ponneri, Sullurpetta, Nayudupetta, Gudur Junction, Venkatachellam, Nellore, Bitragunta, Singarayakonda, Ongole, Chinna Ganjam, Bapatla, Tenali, Bezwada, Ellore, Nidadavolu, Godavari, Rajahmundry, Samalkot, Cocanada Town, Cocanada Port, Tuni, Anakapalle, Waltair and Vizagapatam.

G. O. No. 1737 Ry., dated 12th October 1904.

ABSTRACT.—Communicating to the Agents, Madras and South Indian Railways, Proceedings of the Public Department regarding the grant of certain concessions to poor persons proceeding to the Pasteur Institute at Kasauli for treatment.

From—Major H. Bonham-Carter, R. E., Agent and Manager, Madras Railway.
To—The Consulting Engineer for Railways, Madras.
Dated—21st October 1904, No. O./15456/1711.

I have the honor to request that you will be good enough to favor me with an early reply to this office letter No. S./15456/824, dated the 16th May last, to enable me to make the necessary arrangements for the issue of reduced rate tickets to poor persons proceeding to Kasauli referred to in paragraph 3 of G. O. No. 1737 Ry., dated 12th instant.

From—Mr. F. F. Smith, Acting Agent, South Indian Railway.
To—The Consulting Engineer for Railways, Madras.
Dated—28th October 1904, No. 1165.

In reply to your telegram of to-day regarding facilities to poor persons proceeding to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals, I have the honor to inform you that there will be no difficulty in arranging for the issue of through single tickets in these cases; passengers should get similar through tickets on the return journey. On the outward journey they should produce a certificate at the starting station from the District or Civil Surgeon, and on the return journey a certificate from a competent authority of the Pasteur Institute at Kasauli.

2. It is not stated on what terms the passengers are to be carried over the Kalka-Simla Railway. I presume however you will address me on the subject again before the arrangement is put in force, so that instructions may be given.

Local Fund and Sanitary (Medical), dated 23rd June 1905.

ORDER——No. 2251 Ry., dated 24th December 1904.

In their Order No. 809, Public, dated the 29th September 1904, the Government have laid down the conditions under which poor persons not in the service of Government will be afforded facilities to enable them to proceed from places in the Madras Presidency to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals.

2. The several Railway Administrations on the route from Southern India to Kalka were consulted as to the concessions they would grant to such persons for travelling on their lines, and also as to whether there would be any difficulty in arranging through bookings of patients to Kalka. The concessions which the Railway Administrations are prepared to grant are detailed in the abovementioned order.

3. As regards through booking, the Great Indian Peninsula and the East Indian Railway Administrations have no objection to the proposal so far as it concerns them. The Agent, Madras Railway, is prepared to issue return third-class tickets but points out that only certain stations on his line are provided with such tickets, and asks if it will be necessary to similarly furnish other stations with a supply. The list of stations from which such tickets will be issued seems to be sufficiently full and there appears to be no necessity to add to it. The Agent further submits for approval a form to be filled in and signed by the District Surgeon when applying to the Stationmaster for a ticket, and suggests that the Bank of Madras may be authorised to accept these requisitions when paid in by the Railway as cash. The Accountant-General will be asked to arrange accordingly. The form submitted by the Agent is approved. Separate forms of requisition and route tables for different stations proposed by the Agent, Madras Railway, do not appear to be necessary at present.

4. The Agent, South Indian Railway, has no objection to the issue of through single tickets from stations on his system to Kalka, patients being required to obtain separate tickets at Kalka for the return journey. The Agent further enquires the terms on which passengers are to be carried over the Kalka-Simla Railway. As Kalka is the nearest railway station to Kasauli, there is no necessity for patients to travel on the Kalka-Simla Railway.

5. The Government accept with pleasure the concessions offered by the Railway Administrations whose attention is invited to paragraph 4 of G. O. No. 809, Public, dated 29th September 1904. They are requested to grant return third-class tickets or single through tickets on the requisition of a District Medical and Sanitary Officer or Civil Surgeon or a Presidency District Surgeon, without further formalities as to the production of certificates by the patient either before or after the journey.

6. Patients proceeding to Kasauli from stations on the Madras Railway which are provided with third-class return tickets will be furnished with return tickets on the requisition of the District Medical and Sanitary Officer or Civil Surgeon. In the case of patients proceeding from other stations on the Madras Railway or from stations on the South Indian and Southern Mahratta Railways, single through tickets only will be provided and tickets for the return journey will be arranged for by the authorities at Kasauli on intimation received from the Surgeon despatching the patient. Similar arrangements will be made for the re-booking of passengers at Howra in the case of patients proceeding by the East Coast Railway.

(True Extract.)

A. MORSE,
Offg. Secretary to Government.

To—The Public Department.
The Financial Department.
The Agent and Manager, Madras Railway.
The Agent, South Indian Railway.
The Agent, Southern Mahratta Railway.
The Agent and Manager, Nizam's Guaranteed State Railway.
The Junior Consulting Engineer, Dharwar.
The Junior Consulting Engineer, Calcutta.
The Consulting Engineer for Railways.
The Accountant-General, Madras.
The Local and Municipal Department.
The Legislative Department.
Copy to the Director of the Pasteur Institute at Kasauli.

Letter No. D. 510, dated the 9th May 1905, from the Junior Consulting Engineer for Railways, Dharwar, to the Hon'ble the Resident in Mysore, Bangalore.

With reference to your No. 2251, dated the 17th April 1905, I have the honor to forward, for favor of transmission to the Mysore Durbar, a copy of the form of certificate (furnished by the Agent, Southern Mahratta Railway Company) to be produced by persons proceeding to the Pasteur Institute at Kasauli at the expense of the Mysore State.

---

(4) *Endorsement No. 2676, dated the 15th May 1905, from the First Assistant to the Hon'ble the Resident in Mysore.*

Copy of the foregoing letter with its enclosure is forwarded to the Government of His Highness the Maharaja of Mysore, with reference to Mr. Venkatavaradiengar's letter Pol. No. 862, dated the 12th April 1905.

(ENCLOSURE.)

Railway Coupon Certificate
for
Persons proceeding to Pasteur Institute, Kasauli from Mysore State.

I hereby certify that.....is proceeding to the Pasteur Institute at Kasauli for treatment, and is travelling from.....Station at the expense of the Mysore State.

The bearer is therefore eligible for the concession granted by the Southern Mahratta Railway Company of a third-class return ticket by mail train *via* Harihar to Poona, at a single fare for the double journey, available for four months.

..... Station.
..... 190

---

(5) *Letter No. G. 771, dated the 19th May 1905, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.*

All Gazetted officers of the Mysore Medical Service.

With reference to your No. 10304-132-6—Medl., dated 9th May 1905, I have the honor to forward herewith a * statement showing the names of Gazetted Officers who may be allowed to grant certificates for treatment at the Pasteur Institute at Kasauli, and to state that Rs. 1,000 ought to be budgetted for. It seems that in Madras the expenses of the injured person only are paid. This must negative to a large extent the usefulness of the charity. Any one with any knowledge of our poor folk's methods must know that rather than take such a journey alone a bitten person would prefer to die at home. Provision should therefore be made to send a friend along with the sufferer if he should desire it. The full expense of the friend would have to be defrayed by Government as the Railways will allow a concession only for the injured party.

The enclosures are herewith returned as requested.

No. 11810-54—MEDL. (132-04)-10, DATED BANGALORE, 23RD JUNE 1905.

ORDER THEREON.—The Government of His Highness the Maharaja of Mysore are pleased to sanction the Senior Surgeon's proposal to adopt bodily the Madras Government Order of the 29th September 1904 on the subject of allowing concessions to poor persons proceeding to the Pasteur Institute at Kasauli for treatment when bitten by rabid animals, and also to allow the sufferer, if he so desires, to take a friend with him at Government expense.

2. A provision of Rs. 500 has been made in the ensuing year's Medical budget for the grant, to a limited number of such persons, not in the service of the Government of His Highness the Maharaja, of facilities to enable them to proceed to Kasauli.

Local Fund and Sanitary (Medical), dated 23rd June 1905.

3. The Madras and Southern Mahratta Railway authorities having kindly consented to grant return third class tickets on their lines, the former up to Raichur, and the latter up to Poona, for a single fare, on the certificate of a Medical officer, a list of such officers, not below the grade of Sub-Assistant Surgeon, who are authorized to grant certificates and to despatch poor patients direct to the Institute on their own responsibility, is appended.

4. Medical officers will, immediately on the despatch of a patient to Kasauli with his friend, if any, report the circumstance direct to Government, giving the patient's nationality and the amount of the expenses involved in travelling and maintenance allowances at the rates allowed in the Madras Government Order of the 29th September 1904. This report is intended to enable Government to maintain a check on the expenditure and to prevent the budget allotment being exceeded without notice.

5. The First Assistant to the Hon'ble the Resident will be requested to be good enough to arrange, as in the case of the Madras patients, for the through booking of the Mysore patients to and from Kalka on the Great Indian Peninsula and East Indian Railways and also for the disbursement by the Treasury Officer at Kasauli of the maintenance and other expenses of the patient with his friend, if any, as detailed in clause (4) of para 3 of the Madras Government Order of the 29th September 1904.
